Ok.. some suggested edits attached. A bit rushed but should cover some of the City Service angle.

That works for me. The green highlighted section is what I have for EOC as of now.

Hey – just realized that it would be great if you could send us his current speaking notes so that we can just add stuff based on what might be missing and that would be good to highlight.
Can you please send that for us to work off of?

Ok. If you could let me know what topics/areas of focus he wants covered, this can be done. For example, just the generic type of info we have been sending to EOCCG? I have to attend a quick meeting now but it won't last long.

Subject: Info for Kim's Speaking Notes
Importance: High
Good morning,

Kim has been asked to speak for 2-4 minutes at Council this afternoon. I am drafting his speaking notes and would like to include an EOC update from the weekend. Can you please provide a few points for me to include? I already have the information about the declaration of the State of Emergency.

Thanks

Rachel Cere
